WE HAVE SPLIT THE COLOUR PALETTES INTO THREE GROUPS:

Neutrals

This colour palette matches the most popular paint colours for walls. This group is the first one represented in our new swatch books. We have made it super easy for those looking for soft neutral colours that will compliment an interior rather than making it a feature.

Earth

A comprehensive range of browns that are based on the softest through to the deepest hues. For those wanting to make a fashion statement by complementing a contemporary interior colour scheme, our Earth palette has it all covered.

Storm

Inspired by the colours of the sky from soft blues to pitch black. This colour palette covers the spectrum of greys from the light through to dark, making it ideal for both commercial interiors and modern residential.
